--- 50 Cigarettes - “Series of 1915” - 132 x 16 mm. - scanned at 100% scale ---

The fifty cigarette small strips were produced for use on cigarette tins. I have only recently begun to keep a record on these small strips, and thus the dating is tentative. These “Series of 1915” strips had been replaced by the fifty cigarette Series “A” strip by October 1927.
